

Aditya Gupta

639-476-2144 | aditya.gupta.contact1@gmail.com | [LinkedIn](#) | [LeetCode](#) | [Portfolio](#)

Profile

Computer Science undergraduate focused on **Java backend development**, with hands-on experience building web applications, real-time systems, and database-driven solutions. Strong foundation in **Data Structures, OOP, DBMS, SQL, and REST API design**, with practical exposure to **Spring Boot, Hibernate, JPA, Spring Security, Microservices, and Docker**.

Projects

Local Car Rental Management System | *HTML, CSS, JavaScript, Browser Storage* Feb. 2024 – Apr. 2024

- Developed a responsive rental management application supporting 20+ vehicles and 50+ customers across booking, returns, and inventory workflows.
- Designed localStorage-based data persistence for customer records, vehicle availability, bookings, rental history, and transactions.
- Automated rental price calculation and built an admin dashboard for bookings, vehicle status, revenue, and sales tracking.

Real-time Chat Application | *Java, WebSocket* Jan. 2025 – Apr. 2025

- Built a real-time messaging application in Java using WebSocket for persistent, low-latency client-server communication.
- Implemented concurrent connection management and message broadcasting to support multiple connected clients.
- Applied a structured client-server architecture to ensure reliable and consistent message delivery.

Smoke Detection & Alert System | *Arduino, ESP8266, MQ-2 Sensor, Buzzer* Sept. 2023 – Nov. 2023

- Designed and built a smoke detection system using Arduino, ESP8266, and MQ-2 sensor, achieving an alert response time of approximately 2–3 seconds.
- Configured four adjustable environment profiles with tunable sensitivity thresholds for different operating conditions.
- Integrated Wi-Fi-based monitoring to transmit sensor readings and trigger safety alerts remotely.

Personal Portfolio | *HTML, CSS, JavaScript* May. 2026

- Built and deployed a responsive portfolio website showcasing technical skills, projects, education, and achievements.
- Organized recruiter-focused sections including projects, skills, certifications, and contact details.

Technical Skills

Languages: Java, C, JavaScript, SQL

Backend: Spring Boot, Hibernate, JDBC, Spring Security, Microservices, REST APIs

Databases: MySQL, MongoDB, Redis

Tools: Git, GitHub, IntelliJ IDEA, VS Code, Postman, Maven, Docker

Core CS: Data Structures & Algorithms, OOP, DBMS, Collections, Exception Handling, Multithreading

Development: CRUD Operations, Authentication & Authorization, API Development, Client-Server Architecture

Data & Analytics: Power BI, Advanced Excel, Data Analysis, Dashboard Development

Education

I.E.C College of Engineering and Technology

B.Tech in Computer Science and Engineering, CGPA: 7.89

Greater Noida, Uttar Pradesh

Aug. 2023 – June 2027

Jananayak Chandrashekhar University

Bachelor of Arts, Percentage: 50.83%

Ballia, Uttar Pradesh

2022

Gyan Peethika Senior Secondary School

Intermediate (CBSE), Percentage: 59.33%

Ballia, Uttar Pradesh

2019

Gyan Peethika Senior Secondary School

Matriculation (CBSE), CGPA: 8.6

Ballia, Uttar Pradesh

2017

Achievements & Certifications

- Solved **250+ Data Structures and Algorithms problems on LeetCode**, strengthening algorithmic problem-solving skills.
- Spring Boot Certification – Udemy**
- 5-Day AI Agents Intensive Course with Google – Kaggle**
- PM Internship Quiz**, Ministry of Corporate Affairs and MyGov.
- AINCAT 2026**, All India Naukri Campus Aptitude Test.
- Gained hands-on industry experience at **Dreamvessels Technology Pvt. Ltd.** using Advanced Excel and Power BI for data analysis, dashboards, reporting, and business insights.
